Hello,

Region 5 has Five staff that were requested by R6 and are currently deployed to R6. In addition, they are populated in the Personnel Resources Log. We have reviewed the names that are on the sharepoint site that is attached below and the following names are not found on that site.

The Employees are- Matt Ohl, Carol Ropski, Shelia Burris and Joan Rogers.

Can the R6 office please add the above employees to the Bi-weekly pay cap waiver?

Thank you,

Mike

As the R6 REOC Finance sees new employees being requested for deployment in the **Personnel Resource Log** (formally known as Asset Tracker), a list of names is being submitted to the **Region 6 Human Resources Office** for inclusion in the next bi-weekly pay cap waiver request. Offices that have employees working on the Harvey Response but not deployed thru Region 6, the home office will be responsible for submitting those employees names to get their bi-weekly pay cap lifted.

The Office of the Chief Financial Officer (OFCO) has developed a SharePoint site that individuals or offices can check to see which employee's bi-weekly pay cap has been lifted. Here is the link:

https://usepa.sharepoint.com/sites/OCFO_Community/FinRSCComms/SitePages/Pay%20Cap%20Lift%20Requests.aspx#InplviewHash1279a571-401e-4592-927c-912e52c28278=SortField%3DEmployee_x0020_Name-SortDir%3DAsc

Should you have employees that were deployed to the Region 6 REOC or to the Harvey response disaster area that do not show up on the SharePoint site, please send an email to the R6HarveyFSC@EPA.GOV mailbox. The R6 REOC Finance will then add them to the next bi-weekly pay cap waiver request.

Attached is the most recent one that was signed on 9/1. None of the employees listed below are on this one because this was one of the initial requests sent up. We have since sent up 2 more updates and can verify that every employee that has been deployed to date that is in our asset tracker has been sent up to HR.

As soon as we get our hands on the most recent ones we will follow up and send it out.
